

2025Longi photovoltaic panels

How many solar cells did Longi Green Energy Technology sell in 2025?

(Photo Credit: LONGi) LONGi Green Energy Technology has reported cumulative external solar cell and module sales of 63.43 GW between January and September 2025. The total includes 14.48 GW of back contact (BC) modules, featuring the company's advanced Hybrid Passivated Back Contact (HPBC) 2.0 technology.

Where are LONGi Solar panels made?

Longi is the world's leading solar manufacturer, consistently making Top-10 solar brands. With manufacturing facilities and sales offices in more than 150 countries and regions worldwide, including Asia, America, Australia, and the Middle East, Longi has established a strong reputation for its reliable and high-performance solar panels.

What types of solar panels does Longi offer?

Longi offers a wide range of solar panels for both residential and commercial applications, designed to meet the specific needs of different customers. For residential installations, Longi provides sleek and aesthetically pleasing solar panels that can seamlessly blend into the roofline of any home.

Why should you choose LONGi Solar panels?

Longi is: Longi solar panels are a top choice for those seeking reliable and high-performance solar energy solutions. With their commitment to quality, innovative technology, and excellent customer service, Longi has established itself as a leading player in the solar industry.

LONGi's external sales of solar cells and modules in 9M 2025 totaled 63.43 GW, along with 38.15 GW of silicon wafers. The external sales of HPBC 2.0 back contact modules reached 14.48 ...

As global solar installations surge by 18% year-over-year, one question keeps resurfacing: Why do industry leaders consistently choose Longi photovoltaic panels? With its record-breaking ...

Longi is the world's leading solar manufacturer, consistently making Top-10 solar brands. With manufacturing facilities and sales offices in more than 150 countries and regions worldwide, ...

Latest Price Trends and Models of LONGi Photovoltaic Panels in 2025 Current Market Dynamics for LONGi Solar Panels As of February 25, 2025, LONGi Green Energy has implemented ...

Chinese solar manufacturer Longi unveiled a new PV module with 25.9% efficiency at the 2025 SNEC trade show this week in Shanghai, produced using both low- and high-temperature ...

LONGi sets new solar efficiency records at SNEC 2025 with a 33% tandem cell and over 26% back-contact module, marking a major leap in photovoltaic technology and the future of clean ...

Back Contact (BC) Solar Technology Development White Paper At the key node of intergenerational transition of global Photovoltaic (PV) technology, the back contact (BC) cell ...

2025Longi photovoltaic panels

LONGi Green Energy Technology Co., Ltd. 2024 & 2025Q1 Results Presentation April 30, 2025 LONGI 01
Industry Snapshot 02 Business Review 03 Future Outlook LONGI ADT 1

At the highly anticipated SNEC 18th (2025) International Photovoltaic Power Generation and Smart Energy
Conference & Exhibition, LONGi announced two groundbreaking technological ...

At SNEC 2025, LONGi declared to the global community: Chinese PV enterprises are reshaping the industry
landscape with technological prowess, bringing the zero-carbon future closer.
