

# 2MWh Smart Photovoltaic Energy Storage Container for Port Terminals

Our pre-integrated, plug-and-play solution combines high-energy density lithium-ion batteries with advanced power conversion and smart controls in a customized 40Hq shipping container.

HighJoule's scalable, high-efficiency 2MWh energy storage system provides reliable, cost-effective solutions for commercial, industrial, and utility-scale applications.

Highly integrated design, easy to transport, install, and maintain, with real-time status monitoring and fault logging. Intelligent modularity, this energy storage system utilizing CTP (Cell to Pack) ...

Adopting 40-foot non-walk-in container design, the highly integrated and modular energy storage unit inside the container is convenient for transportation, installation and maintenance.

Individual pricing for large scale projects and wholesale demands is available. Max. Charge/Discharge power. The container system is equipped with 2 HVACs the middle area is the cold zone, the two ...

Polinovel 2MWH commercial energy storage system (ESS) is tailored for high-capacity power storage, ideal for large-scale renewable energy generation, PV self-consumption, off-grid applications, peak ...

The system offers a scalable capacity from 1MWh to 2MWh, allowing customization based on specific energy storage needs for commercial, industrial, or utility projects.

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Ethernet Communication Port RS485/CAN Dimension (L\*W\*H) 12196\*2438\*2896mm Place of Origin Anhui, China Brand Name Sunpal Model Number TG-SS-51 LVP1 Weight <30MT System Voltage ...
