

60kW Industrial Server Rack in Hainan Free Trade Port

The construction of a free trade port in Hainan presents the opportunity of a pilot site for a version 3.0 of the free trade area between China and ASEAN and even more opportunities for ...

Over the past five years, China has made solid strides in building a high-level free trade port (FTP) in its southern island province of Hainan.

This model facilitates seamless cross-border flows of goods, capital, and data, effectively positioning Hainan as a free trade island with easy global access and controlled checks for goods...

The master plan will benchmark Hainan with some of the world's high-level free trade ports, for examples, Hong Kong, Singapore and Dubai.

China on Thursday launched island-wide special customs operations in south China's Hainan Free Trade Port (FTP), the world's largest FTP by area, allowing freer entry of overseas ...

This policy was initially piloted in July 2021 at the Yangpu Free Trade Port Zone and has since been extended across Hainan, enhancing the industrial capabilities of the FTP.

Located in northeast Lingao County, Jinpai Port Economic Development Zone is a key industrial hub in western Hainan. It offers strategic access to Haikou, Yangpu, and nearby ports, with excellent ...

What happens elsewhere in tightly fenced industrial parks can in Hainan happen almost anywhere on the island. For international companies, this provides unprecedented access and ...

In Hainan, raw materials can be imported tariff-free, and income tax rates are lower. If the processed goods are later sold to the Chinese mainland, they can still enjoy zero tariffs.

We will support the Hainan FTP to achieve a new height for China's opening-up, making it a high-level free trade port with strong international influence.
