

Bulgaria develops energy storage project

Why is energy storage growing in Bulgaria?

Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy reliability and grid stability.

How will the selected storage systems be distributed in Bulgaria?

The selected storage systems will be geographically distributed across Bulgaria and connected either to the national transmission grid or local distribution networks. All awarded projects must be operational by March 2026.

Is Bulgaria moving towards a greener energy future?

Bulgaria is taking bold steps toward a greener energy future, having recently wrapped up its most ambitious energy storage tender to date.

How much money does the NRRP provide for energy projects in Bulgaria?

Under the RESTORE initiative, launched through Bulgaria's National Recovery and Resilience Plan (NRRP), the Ministry of Energy has selected 82 projects that will collectively receive BGN 1.15 billion (approximately \$675 million) in public funding.

Energy has secured a green financing package from DSK Bank AD for its flagship 600 MWh battery energy storage system (BESS) in Nova Zagora, Bulgaria. The transaction marks one of the country's ...

Bulgaria approves funding for 31 battery energy storage projects totaling 4 GWh under the RESTORE 2 program.

These projects will deliver a combined usable energy storage capacity of 9,712.89 MWh, exceeding the program's initial target of 3,000 MWh by more than threefold. This significant capacity will ...

Energy storage in Bulgaria is expanding rapidly as the government awards nearly 10 GWh of capacity to 82 projects, boosting renewable energy reliability and grid stability.

Bulgaria's standalone energy storage tender, which aimed to procure at least 3 GWh of cumulative usable capacity, ultimately awarded more than three times that amount.

Bulgarian tender awards more than 4 GWh of energy storage capacity across 31 projects Bulgaria's second standalone energy storage procurement exercise of 2025, worth close to BGN 229 million, ...

Bulgaria's Minister of Energy Zhecho Stankov. Image: Ministry of Energy. Bulgaria's Ministry of Energy has approved EUR588 million in funding for 82 standalone battery energy storage projects, totaling ...

Bulgaria has taken a major step toward modernizing its energy sector with the official commissioning of one of the largest standalone battery energy storage systems (BESS) in Eastern Europe.

Bulgaria develops energy storage project

Bulgaria has selected 82 winning energy storage projects for a share of BGN 1.15 billion (EUR588 million) in financial support.

Bulgaria's second standalone energy storage procurement exercise of 2025, worth close to BGN 229 million (\$137.2 million), received a lot of interest and there are 30 project proposals included ...
