

Wind power generated 2% of electricity in Bulgaria in 2023. By the end of 2020 almost 1 GW of onshore wind power had been installed. It has been estimated that there is potential for at least another 2 GW by 2030. The total wind power grid-connected capacity in Bulgaria was 702 MW as of 2023. An energy island in the Black Sea has been suggested for joint development with wind power in Romania.

The national energy strategy (2023 draft) envisages that by 2050 Bulgaria will have 11.8 GW of PV, 5 GW of onshore wind, 3.3 GW of offshore wind, and 2.3 GW of energy storage capacities in operation.

Developers of 249 projects in Bulgaria will receive EUR 268 million in total grants for renewable electricity plants with energy storage.

The tender was launched last year, aiming to significantly increase the share of renewable energy, mainly wind and solar, in the country's energy mix. It would also contribute to ...

Danish wind developer Eurowind and Bulgarian renewable investor Renalfa this September broke ground on a hybrid wind-solar-and-storage project in southeastern Bulgaria, the country's first hybrid ...

As Europe races toward climate neutrality, Bulgaria's surge in storage capacity signals a shift not only in national priorities but also in regional energy dynamics.

In parallel, Bulgaria recently completed its first renewable energy auction, awarding over 3 GW of generation capacity and 1.176 GW of energy storage -- a major step forward. Onshore wind ...

At the end of 2024, Bulgaria's cumulative installed wind power capacity reached 714 MW (0.71 GW), which represents 15.1 % of the total installed renewable energy capacity in the country. The report ...

Bulgaria will add over 2,500 MW of installed renewable power capacity by the end of 2024 through the installation of 700 MW of wind farms, 1,600 MW of solar parks, and 219 MW of biomass ...

storage is hindering Bulgaria in the development of an energy storage market. Furthermore, Bulgaria's energy legislation and grid codes have been historically written with thermal plants in mind, ...

List of wind farms in Bulgaria This is a list of wind farms in Bulgaria as of the end of 2015.

# Bulgaria wind power storage
