

Can the Black Mountain Energy Storage Industrial Plant be built

The Oologah Planning Commission unanimously rejected Black Mountain Energy Storage's request to rezone its planned site from commercial to heavy industrial.

Following a meeting on 25 September, the City Plan Commission of Milwaukee made a resolution giving approval to plans for the facility, published two days later and signed by commission chair Chris Lee.

Dozens of people in Oologah are frustrated about a proposed energy battery storage facility in town. The city held a public meeting Thursday so people could learn about the project from the...

From what we could tell, every towns person who showed up to this meeting was against this facility being built except for the landowner trying to sell the property.

In the northeast Oklahoma town of Oologah, the town board voted in January against rezoning land that would have permitted Black Mountain to build another energy storage plant.

Following a meeting on 25 September, the City Plan Commission of Milwaukee made a resolution giving approval to plans for the facility, published two days later and signed by commission ...

That's the message representatives of Black Mountain Energy Storage received April 18 from the Christian County Commission. The three-member commission voted unanimously to deny ...
