

# Huzuan Solar Power Plant

Huasun Energy says it has signed a 3 GW supply deal with Hongyang New Energy Development Group for heterojunction (HJT) solar panels. The PV modules will be used in ...

Huasun's vertical solar solutions feature ultra-high bifacial hjt modules with near 100% bifaciality, enabling dual peak power generation. Space-efficient, durable, perfect for agriculture, transportation, ...

Huasun Energy: Global leader in HJT solar technology, manufacturing silicon ingots, wafers, cells and modules. Our n-type heterojunction solar panels, with annual capacity of 20 GW, offer unmatched ...

Over the past three months, Anhui Huasun Energy Co Ltd has been racing against time to make solar modules for a gigantic photovoltaic project in China's Xinjiang.

This ambitious initiative includes 1,280 solar power generation arrays and four 220kV substations--the largest of their kind in China. This project is designed to deliver robust renewable ...

Covering the entire value chain--from silicon ingots and wafers to HJT cells and modules--Huasun delivers cutting-edge solutions for the solar industry. With 20 GW of HJT production capacity, ...

Huasun has started manufacturing at its new 3.6 GW heterojunction module factory in Wuxi, Jiangsu province, requiring a CNY 5.4 billion investment. Construction commenced in March ...

In 2024, Huasun secured over 10 GW in tenders from leading Chinese state-owned companies, including China Huaneng, China Green Development and PowerChina. Its products now ...

Huazhong Hainan Solar PV Park is a 100MW solar PV power project. It is planned in Hainan, China. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is ...

In March, Huasun started making solar panels at its HJT cell factory in Xuancheng, in China's Anhui province. Currently, it has a production capacity of over 20 GW.
