

Nepal's special energy storage battery company

"This transformative project will revolutionize industrial energy use by replacing polluting diesel generators with a large-scale, solar-powered battery storage system," said Gham Power.

Gham Power, supported by UNIDO, is installing Nepal's largest energy storage system to cut diesel use and carbon emissions.

Gham Power, in partnership with Practical Action and Swanbarton, has secured a project from UNIDO to install a 4 MWh energy storage system in Nepal, one of the largest in the country.

Shaping Asia's energy future with passion and progress. Established in 2012, Asian Batteries is a trusted name in modern power solutions. Headquartered in Kathmandu, we combine global ...

The 146MW Tanahu project isn't your grandpa's pumped storage. Its AI-powered turbines predict rainfall patterns using Himalayan glacier melt data, achieving 89% round-trip efficiency.

Organization (UNIDO) to install one of the largest energy storage systems in Nepal, with a total battery capacity of 4MWh will help industries and businesses minimize their diesel consumption ...

Solar with battery storage presents a timely and strategic upgrade for Nepal's renewable energy sector.

Gham Power, in collaboration with Practical Action and Swanbarton, has been awarded a project by the United Nations Industrial Development Organization (UNIDO) to install one of Nepal's ...
