

New york electric grid havana

Why did Cuba reopen its electricity grid?

Cuba blames the country's mounting energy crisis on a Cold War-era US trade embargo. Cuba reconnected its national electrical grid and restored power to most of the capital Havana late on Sunday, energy officials said, nearly two days after an island-wide outage knocked out power to 10 million people.

What happened to Cuba's electrical grid?

HAVANA, Dec 3 (Reuters) - Cuba's electrical grid suffered a partial collapse early on Wednesday, leaving the capital Havana and much of western Cuba in the dark, according to state-run media and eyewitness reports.

Why has Cuba's energy grid collapsed four times in the last 6 months?

On top of that, Cuba's entire grid has collapsed four times in the last six months. The problem stems from years of neglect of Cuba's energy infrastructure, exacerbated by constrained access to foreign capital and a failure to adapt to new energy options.

Where did people walk during a national electrical grid collapse?
