

Serbia s largest battery energy storage power station

Fortis Energy has secured a construction permit for a 270MW PV plant combined with a 72MWh battery energy storage system in Serbia.

Serbia is set to host one of the largest integrated solar and battery storage projects in Southeast Europe, marking another milestone in the region's renewable energy expansion.

A critical component of the project is the inclusion of 200 MW of battery energy storage capacity, designed to ensure grid stability and manage the intermittent nature of solar power.

Fortis Energy is reinforcing its presence in Southeast Europe's renewable energy market with the development of the 110 MWp Erdevik Solar Power Plant, featuring an integrated 31.2 MWh ...

Fortis Energy has obtained a construction permit for a solar park of 270 MW on the territory of the city of Sremska Mitrovica in Serbia, Mayor Branislav Nedimovic said. The company ...

Here's a plot twist: Serbia's iconic Djerdap Hydroelectric Plant could become Europe's biggest "water battery". By adding reversible turbines, it might store 1.2 GWh--enough to power ...

Serbia's Nocaj 1 Solar Plant Integrates 36 MWh of Serbia solar battery storage in Q2 2026 Serbia is taking a significant step forward in modernizing its energy infrastructure. The Nocaj 1 ...

Fortis Energy has announced the acquisition of a significant 180 MW (AC) solar project with an integrated Battery Energy Storage System (BESS) in Sremska Mitrovica, Serbia.

Fortis Energy has acquired a 180 MW solar project including a 36MWh battery energy storage system in Sremska Mitrovica, Serbia. The photovoltaic solar asset is "expected to be one of the largest solar ...

Fortis Energy has acquired a 180 MW solar project including a 36MWh battery energy storage system in Sremska Mitrovica, Serbia. The photovoltaic solar asset is "expected to be one of ...

Serbia s largest battery energy storage power station
