

Ukraine lighting solar lights

What is Solar supports Ukraine?

"The Ukrainian Solar Energy Association is proud to launch the 'Solar Supports Ukraine' campaign together with European solar industry associations. The campaign aims to provide solar energy benefits to people in need across Ukraine.

Why is solar energy important in Ukraine?

The campaign aims to provide solar energy benefits to people in need across Ukraine. Solar energy has a great potential for providing electricity and heat where the centralised supply is not possible due the war. Every solar kilowatt matters."

Could solar energy be a cornerstone of Ukraine's power sector?

Solar energy has the potential to become a cornerstone of Ukraine's power sector, Sukhopara added, contributing to a more diverse, sustainable, and secure energy mix.

Can solar power plants help Ukrainian society?

"Solar power plants can help Ukrainian society," Sokolovskyi says, by giving energy independence to private citizens and businesses. Moreover, support for critical infrastructure like hospitals, clinics and schools - the kind of work Semenyshyn's Repower Ukraine does - often comes from PV and energy storage combined.
