

Which float glass is best for solar applications?

Arsenic- and antimony-free extra clear float glass for solar applications. SunMax Premiumis exclusively produced in a float glass process. The industrial float glass process adheres to very strict production tolerances and guarantees the lowest possible defect density. Read more about some of our recent selected finished success stories.

What is Photovoltaic Glass?

Our photovoltaic glass offers a cutting-edge solution for both new construction and renovation projects. When integrated into ventilated facades, this glass enhances building aesthetics while providing key benefits such as radiation protection, thermal and acoustic insulation, and improved occupant comfort.

What Glass Technologies does Onyx Solar offer?

At Onyx Solar, we understand that every project is unique. To meet specific requirements, we offer two advanced photovoltaic (PV) glass technologies: amorphous silicon and crystalline silicon, both fully customizable.

Is Photovoltaic Glass a good investment?

Photovoltaic glass not only offsets conventional building material costs but also provides a tangible return on investment through energy generation. With an average payback time of 4 years and yearly ROIs of up to 20%, it stands as a sound economic choice.

Gauzy is a world leader in the development and manufacturing of smart glass technology, the go-to choice for architects and interior designers in Vienna. Our electric glass uses ...

Solar power is a leading force in renewable energy, following hydropower and wind in global electricity generation. The companies driving this sector are pushing the boundaries of ...

Manufacturing and sale of Venetian blinds, awnings, roller blinds and other sun and weather protection - products. We are looking forward to seeing you!

AGC offers extra clear float glass products for a broad range of solar applications. Your single source: High-efficient float glass production, glass coating, glass processing as well as high-capacity ...

Colour-coordinated sun shading glass enhances The Rock's facade by the Danube Canal, Vienna, offering energy efficiency and a stunning design.

Onyx Solar: Leader in Building Integrated PV Solutions. Custom Photovoltaic Glass for energy generation that enhances energy efficiency and reduces costs.

Fixed-Slat Sunshading Systems Fixed slats are used exclusively for sunshading or to support daylight

Vienna solar glass sun room manufacturer

illumination. Energy-Generating Glass Canopies Solar energy generating canopies have become a ...

Our passion is glass and we live this every day, for over 40 years. So we have invested a lot of time and money in research and development of modern special glasses for photovoltaic and ...

All Companies and suppliers for solar-glass-manufacturing Find wholesalers and contact them directly
Leading B2B marketplace Find companies now!

Textile solar shading for large-format glazing When extending a villa in Vienna, architect Rupert Siller was faced with precisely this question: how to successfully combine large glass ...
