

What can be placed in a 15cm deep locker

How deep is a standard locker?

Standard lockers are 18 inches deep, which is the equivalent of around 46cm. This measurement does not tend to vary in Europe or Australia unless you have custom lockers made. In the US and Canada, some locker units are available with a depth of 12 or 15 inches, which is equal to 30 or 35cm.

Does a single tier locker have shelves?

Only single tier lockers have shelves. Coat Hooks - Single tier, double tier and triple tier lockers shall have one double prong hook and three single prong wall hooks. 5/8" diameter coat rods are standard in 18" and 21" deep knocked down single tier lockers, replacing ceiling hook.

What is a medium sized locker?

Medium-sized lockers are larger than small lockers but still compact enough to fit in tight spaces. These lockers are usually around 15 inches wide, 15 inches deep, and 24 inches high. They offer more storage space than small lockers and are suitable for storing medium-sized items such as laptops, backpacks, and sports gear.

What size is a small locker?

Lockers can vary in size based on their intended use and the space available for installation. Small lockers, also known as mini lockers, are typically around 12 inches wide, 12 inches deep, and 12 inches high. These lockers are ideal for storing small personal items such as cell phones, wallets, keys, and books.
